

KROGER FUNDRAISING CARDS

Our school earned \$13,000 last year from Kroger Cards, HOWEVER with a school and parish our size, we have the potential to greatly increase this amount with very little effort!

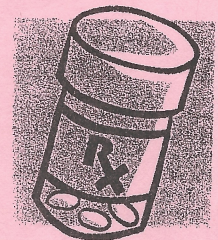

These cards are an easy way to generate money for school committee's contribution to the school budget. The school receives 4% of all purchases. However, in order for OLMC to receive the 4%, you must get your cards from us. You may purchase cards in the school office for \$5.00 or you can send the \$5.00 in an envelope with your child labeled "Kroger Card" and we will send one back home to you in their backpack.

EXAMPLE...the Gusewelle Family of 5 from OLMC school tracked their yearly purchases at Kroger last year. The total amount that OLMC received just from this family using the card for their Kroger purchases was \$500. We have approximately 200 families at OLMC school...IF even half of our families used the card and spent about the same amount at Kroger each year, that would total \$50,000 for our school!!!! The potential is endless and easy!

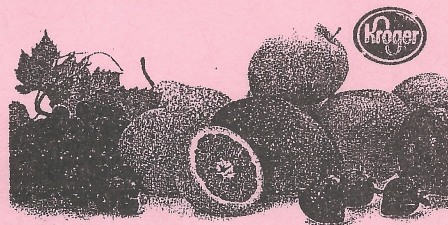

THE KROGER FUNDRAISING CARD CAN BE USED FOR GAS, GROCERIES & PRESCRIPTIONS!!

- ❖ Cost is \$5.00 but has \$5 pre-loaded
- ❖ Cards can be pre-loaded at the service desk
- ❖ Cards can also be loaded right at the register prior to your purchase if you forget to pre-load your card.

They are also a great gift idea...pre-load a dollar value as a gift, maybe give to your teenager instead of gas money!!

Gift Card
